Fact: There is NO other fully integrated Customer Tracking, ITA & Support Services Tracking and Fund Accounting system for Workforce.

Your Workforce Board can now have the appropriate managerial oversight & control in place, at both the Fiscal & Program levels, to ensure you are operating at maximum capacity!

Solution: Gazelle + SwipeIT + Sage MIP

This is a complete & fully integrated software system, built using industry-leading technologies by Workforce industry experts and supported by one company with a proven track record in Workforce. This system is designed to operate stand-alone or interface with existing accounting and/or case management systems; at either the local Board, City/County or State level.

Benefits: Complete Fiscal and Program Control within one system

Capture, Track, Manage, Report and Account-for all WIA activities; from services provided to every customer entering your One-Stop Career Centers to managing PC's in the resource room, to automatically enforcing your eligible training provider list, to automating the issuance of vouchers for Training & Support, to tying all budget & cost data automatically & in real-time back to your fiscal operations.
